

ieIMPACT UAD 3.6 Field Inspection Sheet

WALK-THROUGH EDITION — FILLABLE

Only what you must capture while standing at the property. Based on Fannie Mae / Freddie Mac Inspection Tips (Oct 2025).

HOW TO FILL THIS OUT

ieimpact.com/UAD3.6

1. CIRCLE your answer. One per group unless it says (all that apply).
2. WRITE in the blanks. Keep it short - ieIMPACT writes the report.
3. CHECK the photo box after you take each photo.
4. ★ = NEW in UAD 3.6. These did not exist in the old form. Do not skip them.
5. (confirm) = ieIMPACT prefills this from records; you only confirm or correct it.

YOUR WALK-THROUGH PATH

- | | |
|--------------------------------|--|
| 1 Arrive / Drive Up | Street scene, access, first impressions from the car |
| 2 Stand at the Curb | View, influences, front door elevation |
| 3 Walk the Exterior | Clockwise: walls, foundation, roof, windows, gutters, porches, solar |
| 4 Yard and Site | Topography, drainage, utilities, encumbrances, amenities |
| 5 Garage + Outbuildings | Measure each: GBA, rooms, heating, utilities |
| 6 Enter - Main Level | Kitchen, finishes, flooring, ceilings, baths |
| 7 Bedrooms + Baths | Every bedroom, every bath, every level |
| 8 Below Grade | Finished/unfinished SF, access, mechanicals |
| 9 ADU (if present) | Separate unit: rooms, area, kitchen/bath |
| 10 Final Walk-Through | Overall Q&C, area summary, pre-departure checklist |
| * PUD / Condo | Only for PUD or condo: project, HOA, common elements |
| * Manufactured Home | Only for manufactured: HUD plate, labels, foundation |

ieIMPACT HANDLES THESE — do NOT capture in the field

- Zoning, APN, legal description, lot size - county records
- Flood zone, FEMA map - online lookup
- Building certs (LEED), efficiency ratings (HERS) - research
- MLS data, comps, market trends, prior sales - MLS + county
- Cost approach, reconciliation, commentary - desktop
